Attestation

The complaining witness states that the complaint has been examined and that its contents are true to the best of the witness's knowledge and belief. Authorizing signature: Lauren M. Wickman, P79974, Prosecuting Attorney.

What this document does not say. The complaint alleges possession with intent to deliver. It states no weight, no quantity, no field-test result and no laboratory result. The "approximately 12 ounces" figure in this FOIA file comes from the requester's own description of a news account, not from any record produced by the office. No document in the 25-131 production establishes the amount of methamphetamine involved.
