Record-destruction instruction

The form states: "If item 1 is checked the clerk of the court shall send a photocopy of this order to the Michigan State Police Central Records Division to delete this criminal history record as required under MCL 769.16a."

To the defendant: "By law, your fingerprints, arrest card, and description will either be destroyed or returned to you by the Michigan State Police within 60 days of the date of this order. If you do not receive your fingerprints, arrest card, and description within 60 days of the date of this order, you may choose to contact the Michigan State Police to verify that the prints, card, and description were destroyed."

Note on this document. The stated ground for dismissal is a bare assertion that a federal indictment exists. The motion gives no federal district, no federal case number, no indictment date and no charging document. The dismissal is *without prejudice*, which leaves the state charge revivable. Because item 1 is checked, the order also directs deletion of the state criminal-history entry under MCL 769.16a — meaning the state record trail for this defendant is being dismantled at the same time the office declines to describe the federal case that replaced it.
