FOIA 25-133 — 21st Century Report, Table 1 (2024)

The annual screening-decision table produced with the July 17, 2025 response. Reproduced verbatim.

Document: "21st Century Report" — screening decision totals for referrals, 01/01/2024 through 12/31/2024
Produced with: the July 17, 2025 response to FOIA 25-133
Period covered: January 1, 2024 – December 31, 2024 (annual, not monthly)

Table 1 — Screening decisions on referrals, 2024

CASE TYPE	TOTAL	DENIED	APPROVED	PENDING
Adult	1,289	4	297	988
Felony	307	1	99	307
High Misdemeanor	17	0	5	12
Misdemeanor	849	3	191	655
Some Other	16	0	2	14
Juvenile	119	2	12	105
Felony	31	1	3	27
High Misdemeanor	1	0	1	0
Misdemeanor	67	1	3	63
Status Offense	20	0	5	15
TOTAL	**1,408**	**6**	**309**	**1,093**

Figures transcribed exactly as printed. The printed totals reconcile internally: adult subtotals sum to 1,289; juvenile subtotals sum to 119; 1,289 + 119 = 1,408; and 6 + 309 + 1,093 = 1,408.

What this document is, and is not. This table is annual. It reports a single twelve-month total for 2024 and does not break the year into months. It also reports *screening decisions on referrals* — the disposition of matters referred to the office — rather than the number of *charges authorized* in each month, which is what the request asked for. The office's July 17 letter describes this table as a summary "that was previously created," meaning it existed before the request was received. The FOIA 25-133 page analyzes the gap between what was asked for and what this table actually measures, and the significance of the fact that a report of this kind evidently exists in the ordinary course of business.
