Subject: Submission of Four FOIA Requests – Delta County Prosecutor's Office

Dear FOIA Coordinator,

Attached please find **four separate Freedom of Information Act requests** submitted pursuant to MCL 15.231 et seq. Each request is distinct and should be logged and processed individually with its own tracking number and response.

The four requests are titled as follows:

1. **FOIA Request – Names of Case Management, Record, and Evidence Systems**
2. **FOIA Request – Contracts, Invoices, and Licensing for Systems**
3. **FOIA Request – Bids, Proposals, and Future System Acquisitions**
4. **FOIA Request – Training and Policy Materials for Systems**

For clarity and compliance purposes, please issue a separate written response for each request.

If any costs will exceed $20, I respectfully request an itemized cost estimate before processing. I also request that records be provided electronically by email whenever possible to reduce costs and improve efficiency.

Thank you for your prompt attention.

Sincerely,
Joseph John Parrotta

Re: FOIA Request – Names of Case Management, Record, and Evidence Systems

Dear FOIA Coordinator,

Pursuant to the Michigan Freedom of Information Act (MCL 15.231 et seq.), I am requesting the following public record:

- The **names, vendors, and versions** of all case management systems, records management systems, prosecutorial tracking systems, electronic discovery platforms, digital evidence portals, and body-worn camera/evidence management software used, formerly used, or planned for use by the Delta County Prosecutor's Office from **January 1, 2020 to the present**.

If portions of the requested records are exempt from disclosure, please segregate the exempt material and release the remainder as required by MCL 15.244.

If the cost of fulfilling this request exceeds $20, please provide an itemized estimate before proceeding. Please provide the record electronically by email if possible.

Notably, Prosecutor Wickman has publicly disclosed selected information to the press when it is politically convenient (e.g., providing details on charging decisions or trial strategy in press releases). It would be contradictory for the Office to refuse disclosure of the **basic names of software systems** that govern public records and discovery processes while voluntarily disclosing other internal details.

Thank you for your prompt attention to this matter.

Sincerely,
